**Subject:** EtO review

Hi Jennifer,

I have gone through the mark-up Ex. 5 Deliberative Process (DP)

The changes and responses are pretty good. I only have minor changes as noted in the attached documents.

The tables are pretty thorough. These tables have gone a few rounds of review in the tox path workgroup and I had provided significant comments at that time.

If you have any questions or need further review, please let me know.

Thanks  
nagu
